Provided by the Corporate Alliance to End Partner Violence

Introduction

(Company Name) seeks to provide a work environment that is free from violence or threats of violence against individuals, groups, or employees, or threats against Company property-including partner violence which may occur on our property. This policy requires that all individuals on Company premises or while representing the Company conduct themselves in a professional manner consistent with good business practices and in absolute conformity with non-violence principles and standards.

Definition

For purposes of this policy, workplace violence is defined as a single behavior or series of behaviors which constitute actual or potential assault, battery, harassment, intimidation, threats or similar actions, attempted destruction, or threats to Company or personal property; which occur in a Company workplace, at a Company work location, or while an individual is engaged in Company business.

Company Response

(Company Name) strictly prohibits use of violence or threats of violence in the workplace and views such actions very seriously. The possession of weapons in the workplace, threats, threatening or menacing behavior, stalking, or acts of violence against employees, visitors, guests, or other individuals by anyone on (Company Name) property will not be tolerated. Violations of this policy will lead to disciplinary actions up to and including termination of employment and the involvement of appropriate law enforcement authorities as needed.

Any person who makes substantial threats, exhibits threatening behavior, or engages in violent acts on (Company Name) premises shall be removed from the property as quickly as safety permits, and may be asked to remain away from (Company Name) premises pending the outcome of an investigation into the incident. People who commit these acts outside the workplace but which impact the workplace are also violating this policy and will be dealt with appropriately.

When threatening behavior is exhibited or acts of violence are committed, (Company Name) will initiate an appropriate response. This response may include, but is not limited to, evaluation by (Company Name) Employee Assistance Professionals and/or external professionals, suspension and/or termination of any business relationship, reassignment of job duties, suspension or termination of employment, and/or criminal prosecution of the person/persons involved.

No existing (Company Name) policy, practice, or procedure should be interpreted to prohibit decisions designed to prevent a threat from being carried out, a violent act from occurring, or a life-threatening situation from developing.

Reporting Procedure

(Company Name) personnel are responsible for notifying the designated management representative of any threats which they have witnessed, received, or have been told that another person has witnessed or received-including those related to partner violence. Even without an actual threat, personnel should also report any behavior they have witnessed which they regard as threatening or violent, when that behavior is job related or might be carried out on a Company controlled site or is connected to Company employment. Employees are responsible for making this report regardless of the relationship between the individual who initiated the threat or threatening behavior and the person or persons who were threatened or were the focus of the threatening behavior. If the designated representative is not available, personnel should report the threat to their supervisor or another member of the management team.

(Company Name) understands the sensitivity of the information requested and has developed confidentiality procedures which recognize and respect the privacy of the reporting employee(s). Consistent with the values of (Company Name), people should take action in ways that maintain respect and dignity for individuals while acting in an accountable and swift manner to address the situation.

Protective or Restraining Orders

All individuals who apply for and obtain a protective or restraining order which lists Company locations as being protected areas, must provide to the designated management representative a copy of the petition and order.
